LOOKING BACK

1965 Five Bristol FLF6B double deckers were delivered to Eastern National, 2843-8 (MVX880-4C) 22 vehicles were withdrawn and a further 62 were de-licensed.

1975 Bristol LD's 2514/9/20 (351/6/7) were loaned to Eastern Counties for a short time during September. A temporary vehicle shortage in Norwich was covered by FS's from Ipswich hence the loan. They operated on services 202/4/5/9 and 221. Service 77 between Lawford and Colchester was withdrawn from 8.9.75 and replaced by a Post Bus service. Revised fares came into operation from Sunday 19th October.

1985 Visitors to Eastern National Engineering for repairs included vehicles from Cambus, 622 (RAH132M) and 702 (NAH137P) CBT 64 (NNO64P), Heddingham L87 (RHK387R) and L112 (UVX5S) ST 342 (YWW359S) and Essex County Councils RELL6G SVW274K formerly EN's 1546. On October 10th a special event for apprentices in the bus industry was held and visiting vehicles included Maidstone 331 (KKJ711N), PMT 112 (YRE472Y) and United Counties 27 (B27HRP).

Colchester Borough Transport placed Leyland Olympian/ECW double deck vehicles, 41/2 (C41/2HPU) in service during October. Open top Atlantean 48 (YWC648F) was used on a number of schools journeys during the month.

These were sold to the Caledonian Motor Services in 1939, when the CMS were increasing their fleet due to heavy demand by local industry to convey workers to and from factories in the operating area, these were given the fleet numbers 234 - 240 by Caledonian.

By 1940, 234 TM3744 (2787) had been withdrawn and subsequently scrapped. 235/6/8 TM3824/43/3735 were rebuilt by Pickering Coachbuilders of Wishaw in 1941, 235 received a Gardner engine. The two Regents 239/240 VX4902 TM6307 had AEC oil engines fitted and 240 was completely rebuilt by CMS at Dumfries, 239 was sent to have a new body fitted by Roe.

Leyland 237 TM3846 saw service with the War Department, when returned to the CMS was rebuilt by Pickerings.

In 1947, Croft Engineering were rebodging a considerable amount of vehicles, which included three of the former Eastern National Titans 235 - 7 TM3824/3843/3735, the bodies were L53R.

Western SMT absorbed the CMS in December 1949 and the EN vehicles survived till the mid 50's the Croft bodies were then transferred to Guy Arab chassis.
